

> Help Control Hunger and Keep Your Diet on Track with Vi-Trim® Clear Control Drink Mix†

1. WHAT IS VI-TRIM®?

Vi-Trim is a patent-pending drink mix that helps calm hunger between meals to help take some of the stress out of dieting.† It works well for between meal support, mixed into a beverage or other foods like cottage cheese, or mixed in your Vi-Shape® shake. Vi-Trim mixes clear and won't alter or change the taste of foods. So keep it handy when you're on-the-go.

2. WHAT ARE THE PRIMARY BENEFITS OF VI-TRIM?

The drink mix helps curb hunger to help calm the stress of dieting. Its ingredients help maintain healthy blood sugar levels that are already within the normal range.†

3. WHAT ARE THE KEY INGREDIENTS IN VI-TRIM?

- Patent-pending formula to help control hunger†
- PEA found in chocolate, supports a healthy mood†
- Patented and clinically tested form of *Garcinia cambogia* extract helps calm appetite†
- Patented form of clinically tested chromium helps

maintain healthy blood-sugar levels that are already within the normal range.†

- L-Carnitine—an amino acid that supports the building blocks of protein in the body†
- L-Theanine and Acetyl-L-Tyrosine to help support a healthy mood†

4. WHO CAN USE VI-TRIM?

Vi-Trim Clear Control Drink Mix was developed to help any adult in their quest to lose weight or maintain a healthy weight.† As with all products, we recommend that you consult your physician before using any weight-loss products or nutritional supplements. Not recommended for children, pregnant or lactating women. If you suffer from a serious medical issue, we recommend you talk to your doctor before using any supplement or weight-loss product.

5. WHAT IS THE RECOMMENDED DOSAGE?

Vi-Trim should not be consumed more than three times per day.
